

Children's Day Celebration at Tamana -School of Hope

A Report

As a tribute to our great leader Chacha Nehru and his love for the children we have celebrated "Children's Day" in our school by taking our kids for the picnic to Nehru Park and organizing fun activities for kids.

On 13th-Nov-2013 all staff and students went for Picnic at Nehru Park, our students thoroughly enjoyed the nature and the environment. Many games like cricket, throw boll, football etc. were played by the kids supervised by the teachers. All the students sat together for lunch brought by them and refreshment was also provided as a token of love. It was not just the picnic but a platform for all students and staff to enjoy the beauty of nature and absorb all its blessing.

On 14th-Nov-2013 the school have organised a cultural program for the day. The day started with morning prayer and exercise which follows with speech by a student, free dancing by students. Our students get on the stage to start the day with the aura of fun and enjoyment. We have organised many children centered activities some of them are floor painting, musical chair, rose plantation, sports, games etc.

All activities were carried out simultaneously and students took part in them according to their interest. Lunch was followed by cake and chocolate distribution. To end the day movies was played on the projector and whole staff & students enjoyed the event together.

It was just the end of the day but the flavour of the event was absorbed by our hearts. Tamana as a family always work together to make everyday and every event special for our kids and staff as well.
